FACTS ABOUT ACTIVE SUMMER

The ACTIVE SUMMER holiday activities are for children living in the municipality of Aarhus or attending either a public or a private school in Aarhus.

For activities with an age requirement, please refer to your age BEFORE the summer holiday. Some activities require sign-up, for others, you simply show up on the day.

Adults supervise all activities. Any equipment for an activity is available on location. If you have questions about an activity or the sign-up, please contact the responsible association, club or institution.

If you or your parents want to know more about the Active Summer program, please contact Abir Saleh, Sport & Leisure, City of Aarhus at +45 89 40 48 43, or via email: supersommer@aarhus.dk

Active Summer is available in English as a result of the cooperation between the departments of Citizen Service and Sport & Leisure, City of Aarhus. You can download Active Summer as a PDF at www.ferieaktiviteter.dk – Danish and English (Danish website) and in English at <https://international.aarhus.dk/> - the City of Aarhus' website for international citizens.

It's the best time of year again... The Summer Holiday!

Lots of time to have fun with family and friends. And maybe to seek out new communities.

In this paper you can find a long list of fun and exciting activities taking place in the Danish school summer holiday. There is something for everyone, no matter if you love action or prefer to draw.

The Holiday Paper is brimming with offers and opportunities to sample our amazing club activities in Aarhus Municipality.

There's no reason for you to be bored this summer. Or the rest of the year, for that matter.

This year's theme is Communities.

I know how important it is to engage with other people and feel like part of a community.

I am the Culture and Municipality Services alderman. Among other things, my department is responsible for the accessibility of sports, arts and culture within Aarhus Municipality. All year.

You can join a handball team, or have a joint experience at a concert.

A gym, a local library or an event at the harbour, all represent various types of communities and must be used by as many people as possible.

The same goes for our democratic community in which we have a joint responsibility to our city and our country.

In short, we need more communities and for more people to join the communities.

No matter if you want to cheer for the Danish national team with your family at a big-screen event during the European Football Championship or if you would rather be creative in the library, you will find an offer that suits your tastes in this paper.

As well as an invitation to join a community. Meeting children and young adults who also want to be part of a community.

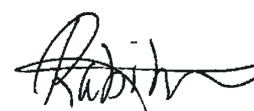

It is time for a holiday and you see less of your school friends than the rest of the year. Instead, you can meet new kids and young adults from other schools and parts of Aarhus and have exciting experiences with them. Seize the summer and this opportunity!

Finally, I want to extend a heartfelt thank you to our many clubs and associations. It is the many passionate volunteers in our local clubs who keep our leisure life alive. It is their merits that this paper is packed full of exciting offers for you to explore.

All that is left for me is to wish you, your family and all of your friends a fun and safe summer.

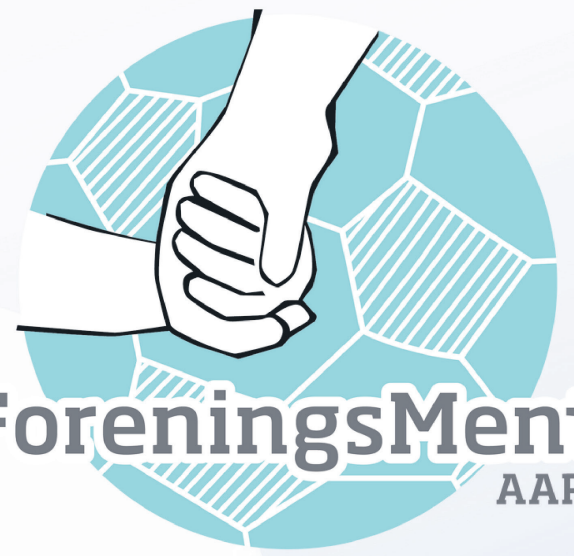

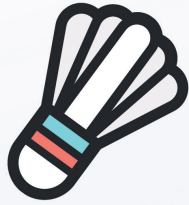

Enjoy it!

Yours truly,

Rabih Azad-Ahmad

fodboldfest på havnefronten

Kom ned på havneområdet i Aarhus og hep på Højlund og alle de andre danske stjerner, når DR viser EM-fodbold på storskærm fra 14. juni – 14. juli. Alle er inviteret med til fodboldfesten, og der er gratis adgang.

Havnefronten i Aarhus (Herman Sallings Plads) bliver midtpunkt for en af årets store fodboldfester. DR samarbejder med Aarhus Kommune om at samle fodboldfans til storskærmsarrangementer og andre aktiviteter i forbindelse med årets EM-slutrunde i fodbold.

Alle kampe bliver vist på en storskærm, der er sat op ude i vandet, og på pladsen bliver der

opbygget et stort og festligt fanområde for hele familien med vægt på hygge og de gode oplevelser omkring fodbolden. Her vil der for eksempel kunne blive arrangeret fodboldkampe, være ansigtsmaling og blive serveret mad og drikke.

EM-slutrunden foregår i Tyskland over fire uger fra 14. juni til 14. juli.

EM FODBOLD FANZONE

Hvornår: 14. juni – 14. juli

Hvor: Herman Sallings Plads, havneområdet mellem Dokk1 og Navitas

Hvem: For alle, med gratis adgang til pladsen

DANMARKS KAMPE

Sæt kryds i kalenderen og kom ned på havnefronten og hep på Danmarks drenge.

Danmarks kampprogram i gruppespillet:

Danmark – Slovenien 16. juni kl. 18.00

Danmark – England 20. juni kl. 18.00

Danmark – Serbien 25. juni kl. 21.00

ANDRE HIGHLIGHTS

14. juni kl. 21.00:

Det er altid spændende at se værtsnationen spille. Til dette EM står åbningskampen mellem Tyskland og Skotland, og de tyske værter vil gøre alt for at få en god start på turneringen med en sejr på hjemmebanen.

20. juni kl. 21.00:

Efter Danmark har spillet mod Englands stærke mandskab med Jude Bellingham og Phil Foden i spidsen, er der god grund til at blive hængende på havneområdet. Kl. 21.00 venter der nemlig en klassiker, når de forsvarende Europamestre fra Italien møder Spanien, som vandt EM i både 2008 og 2012. Det bliver med garanti et brag af en kamp.

21. juni kl. 21.00:

Holland og Frankrig er også begge to tidligere Europamestre og har mødt hinanden masser af gange ved tidligere slutrunder. Med superstjernen Kylian Mbappé i spidsen må Frankrig formodes at være favoritter til sejren, men alt kan ske til et EM i fodbold.

Fællesskaber året rundt

Bibliotekerne i Aarhus er et populært sted at hænge ud og møde vennerne, og der sker noget spændende hele året. På biblioteket kan du selv bestemme, om du vil sidde alene og læse, eller du vil lave noget sammen med nogle andre. Der sker noget på bibliotekerne hver dag, og du kan finde listen over aktiviteter på Aarhus Bibliotekernes hjemmeside www.aakb.dk eller spørge på dit lokale bibliotek.

I sommerferien er der også masser af liv på bibliotekerne. Her kan du læse om tre ferieaktiviteter, som måske er lige noget for dig eller en, du kender.

LÆSECAMP

Udover at deltage i sommerens læsecamp på Dokk1 og Gellerup Biblioteks sommercamp, kan du også være med i læsefællesskaber året rundt: Du kan for eksempel melde dig som læseambassadør for bibliotekerne!

Er du mellem 10 og 14 år og vild med at læse? Så kan du blive læseambassadør på Dokk1. Vi mødes på Dokk1 én gang om måneden og taler om bøger, vi læser, og så arbejder vi med forskellige måder at formidle de gode bøger til andre børn. Du er selv med til at bestemme, hvad vi skal lave. Det kunne være at skrive boganbefalinger, at interviewe en forfatter eller lave en fin udstilling i biblioteket. Du får også mulighed for at være til at afvikle arrangementer for børn på Dokk1 - blandt andet et readathon, Albus børnelitteraturfestival og Orlaprisen. Og vigtigst af alt: vi hygger os!

Du behøver ikke at være skrap til at læse, du skal bare have lyst til at dele dine læseoplevelser med andre. Tilmelding: Skriv til Mette Rabæk, merp@aarhus.dk

"Noget af det fedeste ved at være læseambassadør, er at man føler, at man er del af noget større"
– Emilia, læseambassadør

"Det kan helt klart anbefales! Det er hyggeligt og jeg har fået gode venskaber. Vi laver altid en sleep-over under festivalen" – Amalie, læseambassadør

"Det sjoveste er at få nye venner"
– Birk, læseambassadør

"Jeg vil hellere have anbefalinger fra mine venner og børn på min egen alder. Jeg tror mere på, hvad de siger, end jeg tror på bibliotekarer. Bibliotekarer synes, at alle bøger er gode."
– Maja, læseambassadør

DIGITAL LEG

Der er digital leg på programmet denne sommer, men vidste du, at du kan udforske digitale teknologier og nye medier året rundt? Aarhus Bibliotekerne udbyder denne sommer Digital Leg. Men du kan afprøve digitale teknologier og medier året rundt i fællesskab med andre. Hver torsdag på Dokk1.

Digital leg – hver torsdag på Dokk1 kl. 16-17.30

For børn fra 3-12 år. Børn under 10 år skal være ifølge med en voksen.

LÆSECAMP

Aarhus Bibliotekerne arrangerer Billedkunstskole i sommerferien. Men faktisk er der mulighed for at prøve din kreativitet af sammen med andre året rundt i bibliotekernes talrige KREA-fællesskaber. For eksempel på Gellerup Bibliotek eller Dokk1s Krea-værksted..

**VIDSTE DU, AT DU KAN STILLE
ET BORGERFORSLAG, ALLEREDE NÅR
DU ER FYLDT 15 ÅR?**

Alle borgere i Aarhus Kommune, som er fyldt 15 år, kan stille et borgerforslag. Hvis borgerforslaget opnår mere end 1.500 støtter, skal forslaget behandles i Aarhus Byråd. På den måde har alle unge mulighed for at påvirke beslutningerne og være en del af lokaldemokratiet ligesom alle andre myndige borgere.

GRÆSSET

må gerne betrædes

Snart sker der noget stort. I 2025 åbner Aarhus' spritnye Musikhuspark. Parken får mange ting, som de voksne kan lide (flot arkitektur, biodiversitet og masser af kunst). Men vent, der er mere! Vi får også en legeplads i verdensklasse, kæmpestore græsplæner til boldspil, en permanent skøjtebane, springvand, man må køle fødderne af i, og det fedeste samlingssted for udendørs fremtidige fællesskaber.

Glæd dig til åbningen af Musikhusparken - sammen gør vi den til Aarhus' mest attraktive hotspot!

FAKTA

Hvor: Thomas Jensens Allé 2, 8000, Aarhus C.

Hvad: Det bliver et mega fedt sted med masser af musik og sjov.

Hvornår: De siger, at den åbner i 2025, så der er ikke lang tid endnu.

Hvad kan man lave: Lytte til koncerter, skøjte, slappe af, spille boldspil og samles i fællesskaber.

Hvorfor er det vigtigt: Det skal gøre Aarhus til et endnu federe sted at være og tiltrække besøgende fra hele verden.

Hvor meget koster det: Det er svært at sige, men det koster en hel del, fordi det bliver så stort og flot.

Hvad betyder det for os: Det skaber arbejdspladser, gør byen sjovere og hjælper med at få os til at føle os mere samlet som et fællesskab.

På opdagelse i det gamle Aarhus

Aarhus Stadsarkiv arbejder med at bevare og formidle byens historie, så vi ved, hvad der er sket i Aarhus, og hvordan byen udvikler sig. Stadsarkivet står bag to spændende tidsrejser, der hedder Børnenes Aarhushistorie, hvor du kan tage på opdagelse alene eller sammen med nogle venner. Hvis du henter appen OpdagAarhus på <https://opdag.aarhus.dk/> kan du både opleve historier om Aarhus Havn under Anden Verdenskrig eller da Kong Christian X indviede Mindeparken i 1925. Hvis du bruger appen, har du også mulighed for at quizze, teste din viden om byens historie og finde en masse sjove facts om vores by.

Læs mere om de to interaktive oplevelsesruter her:

FEM FORBANDEDE ÅR

Denne rute tager jer med tilbage til besættelsestiden under 2. verdenskrig (1940-1945). Tyskland har besat Danmark, og i Aarhus er der soldater i gaderne, varemangel i butikkerne, og til tider kommer krigens ødelæggelser også helt tæt på i form af bombeeksplosioner og sabotage. Aarhus er nemlig et vigtigt knudepunkt for de tyske sol-

dater. Mange kalder efterfølgende besættelsestiden for "de fem forbandede år". Undervejs på ruten følger I børnene Kirsten og Erik. De er blevet sendt en tur ned på Aarhus Havn af deres mor, for at aflevere en madpakke til deres far, der er på arbejde som havnearbejder. Kirsten og Erik tager madpakken under armen og går sammen på

opdagelse på havneområdet. Ruten starter ved Badeanstalten Spanien og tager jer med rundt i Aarhus' Sydhavn. Tag din telefon i hånden og følg rutens stop for at lære mere om Aarhus under besættelsen og livet på havnen i 1940-1945.

SPORVOGN TIL FRIHEDEN

Den 5. juli i 1925 er børnene Ellen og Peter på vej på en søndagsudflugt til Kongelunden. De kender de gamle skovområder, der engang hørte til Marselisborg gods, under navnet "Friheden". Ellen og Peter har taget deres pæneste søndagstøj på, for det er en ganske særlig dag. De skal en tur ud til Marselisborg slot, hvor Kongen skal indvie en ny park – den hedder Mindeparken. "Du milde, sikke en trængsel!" udbryder Ellen, da hun og Peter ankommer ved sporvognens sidste stop. Vognen er stadig helt proppet med mennesker. Sporvognslinjen har gjort det let for byens arbejdere at komme ud under åben himmel, men Ellen og Peter er ikke vant til at tage sporvognen – det er for dyrt. Deres cykler er dog på værksted, og de vil ikke gå glip af denne dag, så de har brugt af deres sparepenge for at få råd til billetten.

Søren Bitsch Christensen er stadsarkivar i Aarhus og er leder af Aarhus Stadsarkiv på Dokk1. Han anbefaler en app-styret tidsrejse til det gamle Aarhus som en sjov ferieaktivitet.

MUSIC AND POETRY

Do you love writing or do you want to write, but don't know how to go about it?

Using music and poetry, we work with text, words and poetry by starting the day with various exercises.

For instance, watching a movie clip with the sound off and creating our own lines. Or we'll listen to a piece of music with our eyes closed and find out what that creates.

Writing exercises can be light meditation when you combine them with other sensations. Such as music, nature, art etc. When you are intuitively creative it can develop into an interesting result that you could not anticipate.

The week ends with an exhibition of what you have created. It may be a text for a sound image or something completely different.

SUMMER CAMP WITHOUT HOMESICKNESS

Come join the FDF scouts at FDF Fredensvang for 3 days this summer.

We love coming up with fun activities, especially when there are children who want to join in and try them out with us.

We can tell you that we will do a layer cake run, light a camp fire and maybe even do a "tut" (it is a sweet thing).

If this is all gibberish to you, come find out for yourself what we are on about.

See you there.
